GRANULATED SOIL SOAKER

GRANULATED SOIL SOAKER

DESCRIPTION

TREBLEX GRANULATED SOIL SOAKER is a premium blended product containing specially granulated absorbent clay particles and a premium oil soaker for applications where a granulated product is desirable or more suitable.

TREBLEX Soil Soaker is;

- Easier to apply than liquid product.
- Overcomes dry spotting because it is visible when applied.
- Will last up to twelve months due to slow release characteristics.
- Because of deeper and improved root growth watering will be less frequent therefore saving time, money and water.
- Will not wash off with water to pollute the environment.

Sizes available: 15KG

APPLICATIONS

- Can be applied to lawns and gardens including hanging baskets and pots to assist water penetration thus eliminating runoff and dry patches.
- Only needs to be applied every twelve months.

DIRECTIONS:

Using Treblex Granulated Soil Soaker for;

Lawns and Garden Beds:

- Sprinkle at the rate of 50 grams per square metre (approx. ½ cupful)

Pots, hanging baskets and gardens

- Apply at the rate of 30 to 50 grams per square metre (approx. ½ cupful of TREBLEX SOIL SOAKER in a bucket of water and wash residue from leaves.
- Over application of Treblex Soil Soaker is wasteful but is not likely to harm lawns and plants.

PRODUCT CODE: TGSS15

SAFETY

Keep out of reach of children. Read SDS before use.
