PRODUCT DATA SHEET

Product Code: TTBC

THROTTLE BODY CLEANER

DESCRIPTION

TREBLEX Throttle body cleaner has been formulated to quickly and easily dissolve/remove sludge, grease, varnish, gum and dirt build up.

FEATURES

- Will not harm catalytic converters or oxygen sensors.
- Helps control pollution.
- Disassembly of throttle body not necessary for cleaning.
- 360° valve, use inverted if needed.

APPLICATIONS

When used as directed Treblex Throttle Body Cleaner helps cure rough idle and helps give smooth performance.

Use for cleaning:

- Throttle bodies
- Automatic chokes
- P.C.V & E.R.G valves
- General workshop parts cleaner

DIRECTIONS

- Shake can well before use.
- While engine is turned off and cool, spray into throttle body and let soak for one minute, then repeat spray to flush off all deposits until surface treated is clean. Start engine and spray bursts into float chamber vent while engine is running at fast idle. Stop engine for one minute then restart and repeat the application while revving engine.
- DO NOT OVER REV ENGINE.

SIZE: 100g

SAFETY : Not classified as hazardous. Please read SDS sheet before use. Keep out of reach of children.

Information contained herein is accurate at the time of writing this document. However specifications change from time to time, please ensure that the specifications meet your requirements.
