## TURBO RED

TURBO RED

### DESCRIPTION

TREBLEX TURBO RED is a powerful water based heavy duty liquid degreaser formulated for effective removal of heavy grease, oil and soil deposits.

Sizes available: 5L, 20L, 200L, 1000L

### APPLICATIONS

When used as directed TURBO RED will be effective in the following applications:

- Ideal for heavy duty cleaning of plant, machinery and workshops.
- Floor surfaces, such as workshops, industrial kitchens.
- Ideal for driveways and brick paving surfaces.
- Use in caution on painted surfaces, wash off promptly after use
- Not recommended for use on aluminium or galvanised surfaces.

### FEATURES

TREBLEX TURBO RED provides effective cleaning where a water based product is preferred. It has many features;

- Non-Flammable
- Biodegradable
- Compatible with hard and salt water
- Concentrated
- Economical in use
- Cleans all surfaces and food processing equipment

### DIRECTIONS

#### Dilution rates:

Light Duty - 1:100 parts water

Medium Duty – 1: 50 parts water

Heavy Duty – 1 : 10 parts water

When used in food processing establishments, rinse away all residue with potable water.

Turbo Red may adversely affect paint finishes if not rinsed off promptly as directed.

### PRODUCT CODE: TTR

### SAFETY

Keep out of reach of children.  
Read SDS before use.
