PRODUCT DATA SHEET

Product Code: TQC

QUICK CLEAN

DESCRIPTION

TREBLEX QUICK CLEAN is a concentrated inhibited hydrochloric acid based cleaner. Quick Clean is a clear pale liquid acidic detergent formulated for removal of hardness scale, concrete and lime deposits from vehicles and equipment.

FEATURES

- Provides fast removal of hardness scale, concrete and lime products.
- Contains an inhibitor to limit acid attack on sound base metals or paintwork once deposits have been removed.
- Contains penetrating agents to remove soil and enable the strong acid to react with deposits.
- May be used to clean more reactive metals, eg; copper, brass, aluminium and zinc but care is needed in these situations.
- Quick Clean ensures streak free surfaces through excellent rinsing properties.
- Quick Cleans unique formulation significantly reduces fume levels, making handling safer.

APPLICATIONS

- Apply liberally to surface to be treated with a broom or brush.
- Wash off with water to neutralise acid.

Package sizes: 20L

SAFETY : classified as hazardous. Please read SDS sheet before use. Keep out of reach of children.

Information contained herein is accurate at the time of writing this document. However specifications change from time to time, please ensure that the specifications meet your requirements.
