Wire Rope Lube Oil

DESCRIPTION

TREBLEX Wire Rope Lube Oil safely penetrates, lubricates and maintains the smooth operation of steel wire ropes, cables, winches and pulleys used in mining, marine, construction or other industrial applications.

FEATURES

1. Contains proprietary rust and corrosion inhibitors.
2. Remains effective in an extremely wide temperature range.
3. Special wetting agents allow penetration to the core.
4. Residual film clings tenaciously to the surface and is not easily displaced by water.

APPLICATIONS

Apply freely to the following:

- Wire ropes and cables
- Link Chains
- Drag Lines
- Guy Wiring
- Cargo Hoists
- Logging equipment
- Mining equipment

SAFETY

Read Material Safety Data Sheet before use. Avoid contact with skin, eyes, wear rubber gloves. Use with adequate ventilation. Avoid contact with foodstuffs. Keep out of reach of children.
