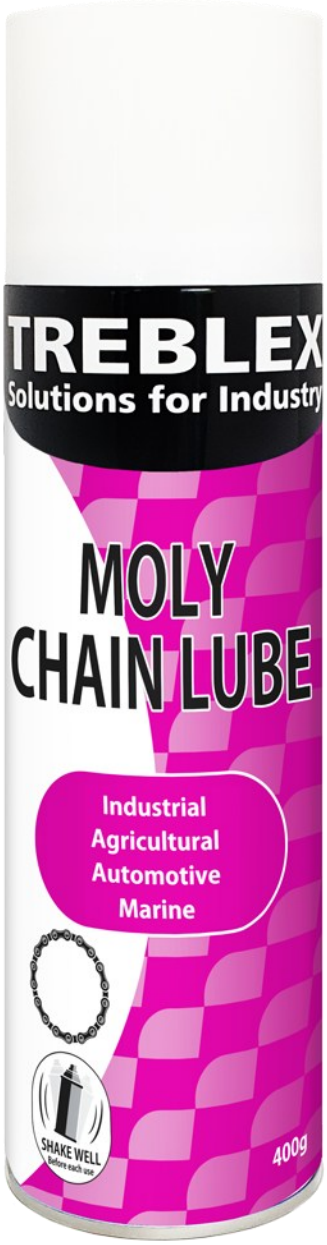
PRODUCT DATA SHEET

MOLY CHAIN LUBE

Product Code: TMCL

DESCRIPTION

TREBLEX Moly Chain Lube reinforced with molybdenum disulphide is an exceptionally tough lubricant with adhesive qualities limiting wear to all surfaces by reducing friction and extending component life. For use in Industrial, Agricultural, Marine and Automotive applications.



FEATURES

- Solvent carrier is food grade quality.
- Contains Molybdenum Disulphide..
- Specially formulated for all chain drive applications.
- Suitable for O Ring Chains where high speeds, temperature and high loads are encountered.
- Has proven high penetrative ability ensuring positive lubrication of internal and external chain components.
- Superior Polymer technology providing a tenacious adhesive long lasting film.
- Reduces wear and friction and increases chain life.
- Adhesive high pressure lubricant resists fling off.
- Lasting lubrication for difficult applications where normal lubrication is not effective.

APPLICATIONS

- All chain drives to include:
- Pin and bushing areas
- Open Gears
- Sprockets
- Slides
- Hoists
- Conveyers
- Winches
- Wire rope and sheaths.
- Tractors and Farming implements.
- All marine applications including winches and cables.

DIRECTIONS

- Shake can well before use.
- Spray directly onto area to be treated and lubricated.

Size: 400g
Cartons of 12

SAFETY : Classified as hazardous. Please read SDS sheet before use. Keep out of reach of children.
